

19. To check whether a number is a Happy number

File Edit Packages Windows Help

R Console

```
> n <- 19  
[1] "Happy Number"  
>
```

Untitled - R Editor

```
n <- 19  
while (n != 1 && n != 4) {  
  sum <- 0  
  while (n > 0) {  
    digit <- n %% 10  
    sum <- sum + digit^2  
    n <- n %% 10  
  }  
  n <- sum  
}  
if (n == 1) print("Happy Number") else print("Not a Happy Number")
```
